Office of the Chief Electoral Officer, UT of J&K.**

Sir/Madam,

The Election Commission of India (ECI) has been at the forefront of leveraging technology to ensure transparency, accessibility and efficiency in the electoral process. In line with this vision, the ECI has developed several mobile applications designed to facilitate voter registration, provide information about candidates and ensure a smooth and informed voting experience for the electorate.

To further our commitment to encouraging democratic participation among the youth, we are keen to popularize these mobile applications among college students in Jammu and Kashmir. As young voters, they represent a significant portion of the electorate, and their informed and active participation is vital for the strength and vibrancy of our democracy.

In this regard, you are requested to support in this endeavor by encouraging our students to download and use these applications. Some of the key applications that would be of interest include:

1. **Voter Helpline App:** A one-stop solution for all election-related queries and services.
2. **eVIGIL:** An app that empowers citizens to report any violation of the Model Code of Conduct during elections.
3. **PwD App:** Specifically designed to facilitate services for Persons with Disabilities.
4. **Know Your Candidate:** An app providing detailed information about candidates contesting in the elections.
